

Home Schoolers

Experience the living history of the Island of St Patrick
Plan a Mission Trip to Ireland

The whole family can have the opportunity to learn about this island - its History... its Geography... its Culture. Visit the homeland of CS Lewis and Amy Carmichael.

Meet the locals

You can meet other Home Schoolers from Ireland and share your faith with them. Doors of opportunity will be open into public schools and as a family you can interact with young children and teenagers.

Puppets and more

If you're interested, there is training in children's evangelism and puppet ministry.

The Great Outdoors

For those who like the outdoor life there's hill walking - orienteering - archery - raft building - low ropes - BBQs etc. Around Murlough there's a network of footpaths through wooded areas to the beach, where you can see seals, badgers and wading birds.

Murlough House
Bible School & Retreat

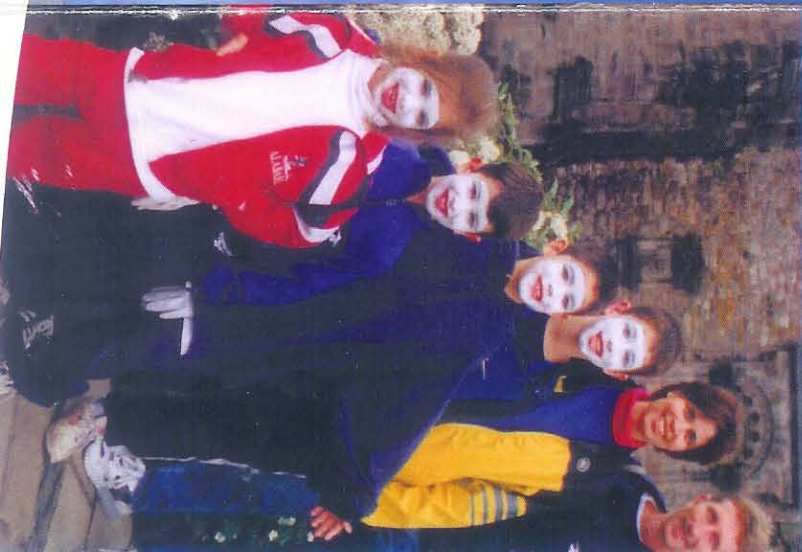

Where will you stay?

Murlough House is set against the backdrop of the beautiful Mourne Mountains within a National Nature Reserve. The mansion overlooks Dundrum Bay and was built in 1859 for the Marquiss of Downshire.
